Aloha! I am Andy Branch and would like to return as a member of the Board of Directors. I have previously been on the Board and also have served as Vice President. During the past 2 years I have done a great deal of work to improve the recreational paddling safety program. Improvements included: updated Safety Guidelines, overhauling the safety bags, integrating more closely the safety and steering programs and developing medical protocols for medical emergencies. I would like to be on the Board to continue improvements to the recreational safety program and that would be my primary area of focus. As a frequent recreational paddler, steersman and Beach Coordinator I feel that I am uniquely positioned to accomplish those tasks. Mahalo for your consideration.
